RYAN DID GIVE TO WILSON FUND

Underwood Has Fact Expounded
From Record When It Is De-
nied at White House.

WASHINGTON, Oct. 15.—Oscar W. Underwood's charge that Thomas Fortune Ryan contributed \$16,000 to the campaign fund of Senator Wilson when he ran for Governor of New Jersey made on the floor of the House does not appear in The Congressional Record to-day. It was inserted by the Librarian of Congress after he had been told by the White House that Mr. Wilson received nothing from Mr. Ryan.

It was said on the floor of the Senate that Mr. Underwood made the statement on information that came to him directly from persons close to the two governors. Wall Street said that Mr. Underwood was justified in placing the greatest faith in its reliability and made the statement in his reply to the charge of Rep. John B. Hays, of Alabama, with a full belief in its truth.

Harvey Sought Gift
Notwithstanding the denial issued from the White House, The Georgian learned from one of its men chiefly instrumental in bringing about the nomination of Wilson as the Democratic Governor of New Jersey that Thomas Fortune Ryan did contribute \$16,000 to the Wilson gubernatorial campaign.

Colonel George Harvey, according to this newspaper's informant, sought and obtained the contribution.

From the record it was ascertained that James Smith, the formerly United States Senator from New Jersey, who at the time of Dr. Wilson's nomination gave him the undisputed "show of the party" in his State, contributed in the

Tariff Clause That
Aids U. S. Shipping
To Stand—Underwood

WASHINGTON, Oct. 15.—The 5 per cent clause benefiting American shipping will stand in the new tariff act even at the risk of trade war and other commercial complications, asserted Representative Underwood after a visit to the White House to-day.

The fact that a number of trade treaties would be affected by the clause do not worry Mr. Underwood.

He thinks that the United States

was above the cars for it, should European nations attempt commercial reprisals.

Two Officers Shot;
Crazed Negro Slain

WILMINGTON, N. C., Oct. 15.—As the result of a street fight in the main business section of Laurinburg, two officers were wounded, one probably fatally, and a supposedly concealed negro, who was cause of the trouble, was slain.

Detective Poldexter, of the Seaboard Air Line, who followed the negro from Hamlin, where he was last seen, with his men, shot him through the stomach, and Officer Brown of Laurinburg, picking his chance, at the negro at every turn. It took five shots to kill him. Officer Brown is seriously wounded, though several bullet holes are visible.

Editor to Face Trial
In Illegal Mail Case

WILMINGTON, N. C., Oct. 15.—W. O. Stoudamire, editor of The Down Home and Independent of Elizabeth City, who has been several times tried in State courts for libel and assault, was indicted yesterday on trial this week in Federal Court at Elizabeth City on a charge of circulating through United States mails obscene literature.

A request for a continuance of this case and also one in which Governor Please has been summoned as a witness, was denied by the court.

PRISONERS CHAINED IN DUNGEON, CHARGES HAWTHORNE, FREED

Julian Hawthorne, the novelist, a free man Wednesday, after serving a term in the Atlanta Federal Penitentiary, told a startling story of his life as a convict, in which he called the Atlanta prison a "living hell," and said Wardens Moyer was "unfit."

With all the emphasis at his command Hawthorne arraigned conditions in the penitentiary as repressive, cruel, and the equal of the most lurid descriptions in fiction.

"They are starving men in the name of economy," he said.

And Dr. W. J. Morton, of New York, his friend and fellow prisoner, nodded his head in corroboration.

"Prisoners are subjected to treatment that is nothing more than slow murder," said Dr. Morton, who is a practicing physician. "There is never enough to eat. The warden attempts to feed strong men on 9 cents a day, and when he succeeds he brings about it."

In the short time they remained Atlanta after their release, Hawthorne and Dr. Morton talked much of conditions at the penitentiary, jumping from one detail to the other with a dramatic swiftness that made the story harrowing.

"Oh, yes, you hear of the clean cells in which the prisoners sleep," said Hawthorne. "But you never hear of the 'hole,' do you? For the slightest fault, sometimes for breaking a plate, sometimes for a little more or less, a prisoner is sent to the 'hole,' a place under the main building for solitary confinement."

"There the heat is terrific at times, and the stench is bad. There some prisoners are chained by their wrists, and held thus with arms spread-eagled for hours. And sometimes confinement in the 'hole' is for days."

Score Prison Fare.

"But the element of hell is in the feeding," he continued, his eyes flashing. "There has never a man gone into the prison but who undergoes a steady deterioration, maybe slow, but always sure. The doctor will tell you that."

He waved at Dr. Morton, who nodded acquiescence.

"Men are put in prison to be cared for," said Dr. Morton, "not to be subjected to slow murder."

The two accepted the invitation of a Georgia reporter to ride about Atlanta. But a

the automobile they forgot to call, and forgot to ask of one place after another. Hawthorne gripped the sides of his seat and vowed vengeance on the system which he described.

"And the treatment is always that of beats or criminals," he went on. "There are always the guards and the rifles, giving the public the impression that the men in prison are wild men, or desperados. And now the men are clubbed for litt-

nothing. There is a guard named Dean whom I have seen strike prisoners over the head, and for no justifiable offense."

Escaped Harsh Treatment.

The reporter wondered if Hawthorne himself had come in for such treatment, and asked him.

"No," said the novelist. "I have nothing at which

HOWARD TO PUSH PROBE OF U. S. PENITENTIARY

Congressman Declares He Knows Many of Charges Made by Hawthorne Are True.

Continued From Page 1.

the men in charge of the administration of the prison.

"I am not prepared to say exactly what weight the charges of Hawthorne and Morton will have with the Government," said Congressman Howard, "but I do know that I am going to start an investigation of the matter from top to bottom. I know that what these two men have said is true in part, if not entirely. The Government has relied on the men in charge for a humane and efficient administration. Certain of the local officials are responsible for the disgraceful conditions that exist. I am not yet find where the responsibility lies."

Following are the "Self-Prizes" assigned Howard charged that the prison and certain of its officials had been receiving entirely too much favorable newspaper coverage and that the officials had been "padding" themselves and some of the features of their work which they wished to call to the attention of the Department of Justice.

"We reads much of the cleanliness of the prison, of baseball games, of prison newspapers," he said. "But I know that playing baseball and writing newspaper are an easy enough sport. I am not yet find where the responsibility lies."

"Hawthorne and Morton, I believe and hope, placed their estimate of the cost of meals to the prisoner a little low. Nine dollars is a fair estimate. The best of my knowledge this cost now runs between 11½ and 13 cents, nearer the lower figure for the greater part of the time."

Menu. — "This is about the average menu for one day at the Atlanta Federal Prison:

Breakfast.—I r i s a pot of coffee, weak butter and black coffee.

Dinner.—Boiled beef (about three times a week), baked potatoes of cabbage and bread. Some times carrots are served instead of one of the other vegetables.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women most guard constantly against kidney trouble, because we eat too much and all our food is rich, or too rich. The kidney, which the kidneys strive to filter from the blood, becomes fatigued because sluggish the eliminative organs are slow.

Therefore, the kidney is liable to a general decline in health.

With the kidney load, your back hurts and the urine is cloudy, full of sediment, and you urinate two or three times during the night. You have a headache or dizzy, nervous spasms, and if you have rheumatism, even a slight cold will get from your pharmacist about two or three tablets of Salts, a tablespoonful in a glass of water, and a breakfast for a few days and you are well.

That famous salt is made from the mineral waters of the Alps, combined with lithia, and has been used for generations to help the kidneys to excrete to neutralize the acids in the urine, and to restore the kidney function, thus ending bladder difficulties.

Salt Salts are inexpensive; can injury, make a delightful effervescent bath, and help to heal and bring health to every home; because nobody can make a mistake or having a good kidney function any time.

COTTON

NEW YORK, Oct. 16.—Influenced by a compromise of a lockout in the British cotton market, and by the fact that prices than due, the cotton market opened steady to-day, with prices at a net advance of 12 cents a pound from the closing quotations of Wednesday.

After the advance met some selling in Liverpool and London, prices rose, reaching 13½ cents a pound, and at the end of the first hour the last quotation was 13½ cents a pound.

The early map showed unsettled and should be considered as a general market, with little change in temperature, and the market was in a western hold of the bolt. There was no change in the market.

Following are 11 a. m. bids in New York: October, 12½; December, 13½; January, 13½; February, 13½; March, 13½; April, 13½; May, 13½; June, 13½; July, 13½.

FATHER OF BOY TO PROSECUTE AUTO OWNER

Robert Hardaway Has Two Ribs Broken When Car Hits His Bicycle.

W. D. Hardaway, proprietor of the Southern Dairy Company, declared that he would prosecute F. C. Skinner for the accident in which Skinner's automobile Wednesday evening crashed into the boy he had just picked up from school.

Hardaway was riding. The boy suffered two broken ribs and sustained a slight head wound when he was struck in the head.

The accident occurred directly in front of the Hardaway home, No. 541 Capitol Avenue, and was witnessed by a number of persons.

As the wheels passed over the boy Skinner, who was driving, immediately leaped from the machine. He gathered the child in his arms and, turning him over, applied pressure to his back.

Hardaway declares Skinner was especially狠 and said he had witnessed it.

COLUMBUS, Oct. 16.—Because of the crowded condition of First street and the surrounding streets, and the fact that two or three saloons located there, an ordinance has been placed on first street and the surrounding streets to prohibit the establishment of bars rooms on these streets.

Hardaway declares Skinner was especially狠 and said he had witnessed it.

BAPTISTS HOLD TO OLD TITHING SYSTEM

Plan of Donation Is Called Obscure, but Convention Votes to Keep It.

Discussion of the tithe system, which will decide whether it is a matter of personal conscience, featured a session of the Atlanta Association of Baptist Churches at the quarters of Milledge at Five Points.

W. H. GARDNER, addressed "Baptists in Other Lands," by A. J. W. Gandy, general director of education, led H. Gardner, W. T. Smith and W. T. Temperance, by J. W. Clegg, a review of the Sunday School's work in the South. W. J. Clegg, the author of "Tithing," during a discussion of "Systems," gave some of the reasons presented during the strong reason that the system was obsolete.

In a place in church the author declared it was not Biblical, but should be retained. After a heated discussion the delegates voted to retain it as a basis for the tithe system.

It was agreed that not over 10 per cent of the population of the entire South believed that tithes were not a great church movement, and that the Association followed a report of the State of Virginia.

A post-construction work was voted to pay \$25,000 of the \$42,000 of the tithe system.

The report of the Inter-

vention Commission for the veterans' min-

istry was reviewed.

DORSEY BACK WITH NEW AFFIDAVITS; MORE DELAY IN APPEAL FIGHT LIKELY

Solicitor General Durkee entered at once into the fight to prevent the new trial for Leo M. Frank on his return to Atlanta. Wednesday morning he came to this city to complete his preparations for the trial, which is to begin next Saturday before Judge L. S. Ross. For a week and a half he has been working almost continually on his defense, which he has been discussing with his attorneys, whom he went with his secretary, A. E. Steinhauer, to avoid.

The solicitor was accompanied by his secret service agent, who presented documents that had a misleading bearing on his absence. It was believed he would be unable to enter the city Saturday, the Indians' Day, but he arrived on Wednesday or Saturday morning.

He made arrangements soon after his arrival to have his attorneys for the defense to witness the trial, and to make changes in the list of evidence to be shown.

Will Require More Time

These changes, however, did not reach the solicitor's office, and the solicitor also has yet to follow up the matter. He has not yet seen the defense papers.

A young attorney, residing to the west of the city, has been retained, and he has of course been in touch with the solicitor, but he has not yet been retained.

HOWARD TO PUSH PROBE OF U. S. PENITENTIARY

Congressman Declares He Knows Many of Charges Made by Hawthorne Are True.

Continued From Page 1.

united in convention by the presidents of the American Prison Association, wired to Attorney General Reynolds an "epitome of the charges contained in the report of the investigation with Hawthorne and proposed the matter of an investigation directly up to the Department of Justice.

Committee from the distinguished attorney general, Dr. Morton, on resolutions were given a credence they would not have obtained from other prisoners. Talk to-day as to the results of the investigation, no official article was expected immediately.

The amazing description of conditions caused all the more astonishment from the fact that the prison in question had been regarded as a model institution in every respect and had served as an example of what correct administration of prisoners will accomplish.

Moyer Sends Denial to The Georgian

Warden Moyer, who has been in Atlanta attending the annual convention of the American Prison Association, wired a sweeping denial.

The Georgian as soon as he learned of the charges against his administration.

All welcome any investigation

suggested, he telegraphed, "and I hope to learn the truth in the matter will be found."

Your telegram reciting the sensational charges made by Hawthorne and Morton will be forwarded to the committee with a request for more searching investigation possible to find that the exact truth

and the cause of the disturbances

is known.

Howard to Demand Probe.

On the heels of the bitter charges uttered by Hawthorne and Morton another general alarm was sounded by William Pebble, of the Fifth Georgia District, who declared that he will demand an immediate investigation by the state legislature to make a personal inspection of the prison as soon as Warden Moyer returns.

The Georgia Congressman said he was aware of the truth of the statements of Hawthorne and Morton and that he had constituted a shame to the state of Georgia to have been in charge of the administration of the prison.

Howard, asked to say exactly what weight the charges of Hawthorne and Morton will have on his ward, but I do know that I am doing my best to see that an immediate investigation from top to bottom is conducted by the state legislature, he said.

The Government has relied on the recommendations of the Warden in its defense.

Certain administrative conditions the I am out to find just where the

Government is not as yet bringing charges against the man in the middle, but I am noting the terrible morale of the rest of the force for the moment, he said.

He particularly referred to the incidents of the recent trial of Charges Two and Three.

Chairman Howard charged that

the Government has been receiving too many favorable newspaper notices and

negatives and some of the

newspapers have been compelled to call to the attention of the

Senate of the importance of the

prison, of baseball games, and

so on, and newspaper on an empty stomach.

Chairman of Commission Wants
Two Inspectors Now and
Stronger Law in April

Increased efforts to abate Atlanta's smoke nuisance are promised for the near future by R. M. Harwell, chairman of the Smoke Commission.

"The Georgian's" editor on Wednesday night called for "a big up-
dation" of the law.

"We have accomplished a good deal, but not near enough. It is hardly possible to make a new law in this season with the coming winter almost upon us, but we need a more rigid law, and we will have it," said Harwell. The City Council will pass it.

"We do need immediately a more rigorous law than the one on the books. We are going to do the department. We are going to do the new budget is made up in January. Still paid it as the Georgian's editor, and the smoke nuisance has convinced the people that a more rigid law is needed," said Harwell.

He said the Smoke Commission has united on a policy to fight ahead. "Our only need is to have the people to tell us how to stop the smoke."

He said the members have not considered the work seriously, but he is sure it will be done for it.

"They will give us enough money to hire two more inspectors, we will rid this town of the smoke nuisance, and we will have a law strong enough to buy gas testing equipment, we'll see that the people get better gas."

With a letter from Billy Smith you may excuse a trifling amount of space. The author, however, among the Atlanta sportsmen, has a partiality for unusual ways.

TIGERS HAVE 2ND BULLETWENDELL IN 'BRAD' STREIT

FORMER Auburn Star Shows Great Class in Princeton Back-field This Year.

By Innes Brown.

UP to Princeton they say, they have had another "Bullet" Wendell. That is, they are reported to have dug up a backfielder who is as fast as the old Harvard fullback.

Remaining some twelve months after he had been a star at Princeton, Wendell had a hand in the formation of a series of railroad party matches, and was a member of the Wendell party, and some may therefore arise to ask, "What's the difference?"

It is not very likely that he was the nearest thing to Ted Cox, when it came to tearing into an enemy's rear, but he was a good player, and he has been a good player since Teddy left the game.

It's Bradley Streit, the alleged second Wendell. The Tigers are having him in the backfield, and he is as effective as could Wendell, and what's more, he is almost as fast as Wendell.

Vandergraff Against McWhorter Feature Alabama-Georgia Game

ATLANTA, GA., Oct. 16.—After a very fine game, the Atlanta-Georgia football game, which was to be the feature of the 17th annual "Best-ball" golf tournament, was postponed to the 18th.

The postponement was due to the fact that the Atlanta-Georgia game was to be the feature of the 17th annual "Best-ball" golf tournament.

In the beginning we all get busy to get happiness, and we never are happy until we become too busy to deliberately try to be happy

THE GEORGIAN'S MAGAZINE PAGE

Beauty and Colors Their Relation, and the Value of Their Combination, Told by Christie MacDonald.

By MAUDE MILLER.

“How clever! Are you TOO clever? Do you get an idea almost before its originator has done with it? That's what I think. You know the great Alexander Pope said wisely and well: ‘He not the first by whom the new is tried, but the last to leave it to us.’”

And now along comes pretty little, clever Little Christie MacDonald, the terribly untemperamental prima donna of the “Art Poses” of the day. And this says when the elevator of the New Amsterdam Theater in New York has whizzed you up to her dressing room—“I am a dancer, and I am a woman who means to be beautiful and attractive and charming, and now, when I am not in my costume, I am women so busily engaged in personal toilet that they can grasp the dress, then simperly Parian or Venesian or Fifth Avenue, I am the prettiest thing that they forget to look at their own personal pose.”

“Well, then the first rule of success in the art of Art Poses is to wear—. Sounds simple, but it isn't. There are no general rules.”

COMPLICATION OF WOMAN'S ILLS

Yields to Lydia E. Pinkham's Vegetable Compound.

Athens, Texas.—“I had a complication of disease of long standing, and I came to you for advice and took Lydia E. Pinkham's Vegetable Compound. I am now well again. Things that I suggested, I must say, were not good, but much better, and I am now in much better health. I have had many friends, and have been one of the worst enemies of the women of this town.”

“My neighbors and friends say I look younger now than I did fifteen years ago.”—Mrs. Sarah W. of Athens, Texas, R. F. D. No. 5, Box 23.

We know of no other medicine which has been so successful in healing the suffering of women, or restoring their health and happiness. As has Lydia E. Pinkham's Vegetable Compound. In every community you will find women who have been restored to health and strength by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet knows of the great work she has been doing among working women for past 20 years.

In the Pinkham Laboratories at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health and happiness. Many openly state over their own names that they have been helped and cured, but not for long.

“Pinkham's was his diagnosis, and his treatment. He has been cured of the disease which simply defied the physicians.”

“A man, an engineer, who was granted and writing by the wayside, when up dashed a constable and proceeded to investigate, but all he could get out of the suffering Pierrette Flory, the modern Circe, reveals all sorts of mad orgies which make up the unashamed and unbridled orgies of Parisian society. An absorbing feature in next Sunday's American is that it has become more than ever.”

“What old I eat,” yelled he “Wise.”

Beauty and Colors Their Relation, and the Value of Their Combination, Told by Christie MacDonald.

Generally a woman can always wear her “eye-color” and look well. But if your coloring is emphatic—brown eyes and brown hair—this rule may not apply.

If you have eyes whose color needs a bit of bringing out, emphasize them by bringing out that color.

Black smothers and depresses me. When I want to wear a dark color I choose dark blue.

Be artistic. Find out three colors that suit you, and learn to blend them.

“I am a woman in the scales as with other success what Thackeray wrote is true.
